EQUALITY IMPACT STATEMENT

In St Mary's, we have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relationships.

INTRODUCTION

We acknowledge the original information provided by Wrexham County Council and the Welsh Assembly Government which contributed to the development of this policy.

It is in line with the Wrexham County Council Child Protection Procedures.

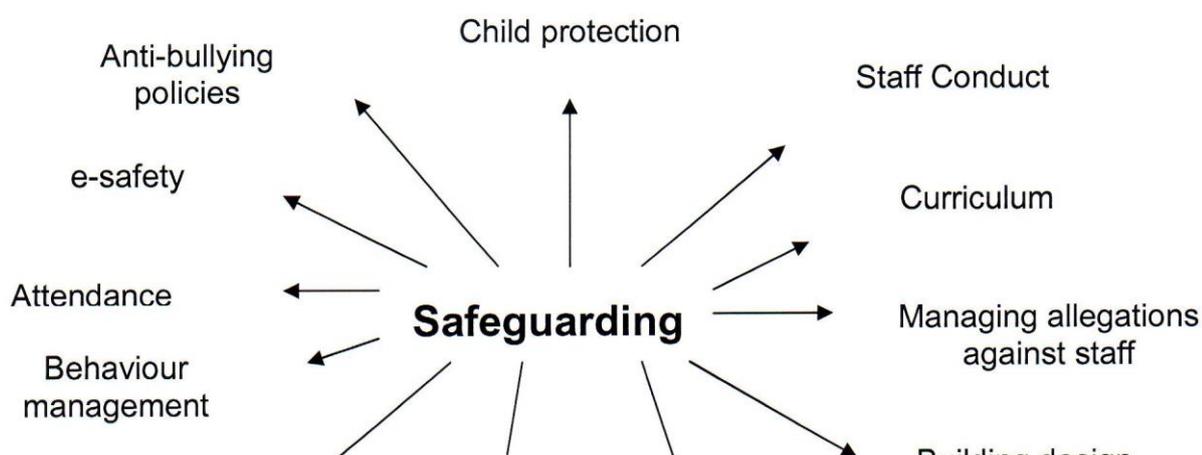

This policy applies to all adults, including volunteers, working in or on behalf of the school.

'Everyone working in or for our school service shares an objective to help keep children and young people safe by contributing to:

- providing a safe environment for children and young people to learn and develop in our school setting, and
- identifying children and young people who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at home and in our school setting'

SCHOOL COMMITMENT

St Mary's Catholic Primary School is committed to Safeguarding and Promoting the Welfare of all of its pupils. Each pupil's welfare is of paramount importance. We recognise that some children *may* be especially vulnerable to abuse. We recognise that children who are abused or neglected may find it difficult to develop a sense of self-worth and to view the world in a positive way. Whilst at school, their behaviour may be challenging. We recognise that some children who have experienced abuse may harm others. We will always take a considered and sensitive approach in order that we can support all of our pupils.

PROVIDING A SAFE AND SUPPORTIVE ENVIRONMENT

1. Safer Recruitment and Selection

The school complies with current WG guidance 'Safeguarding Children and Safer Recruitment in Education' Jan 2007 in partnership with Wrexham Local Authority. We ensure that all appropriate measures are applied in relation to everyone who works in the school who is likely to be perceived by the children as a safe and trustworthy adult including e.g. volunteers and staff employed by contractors. Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional references, checking previous employment history and employment gaps and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and undertaking Disclosure and Barring Service (DBS) checks .

In line with statutory changes, underpinned by regulations, the following will apply:

- a DBS Enhanced Disclosure is obtained for **all** new appointments to our school's workforce through staffing personnel and payroll, from October 2009 it is a criminal offence for employers to take on an individual in Independent Safeguarding Authority regulated activity whom they know to have been barred and/or not refer to the ISA details of anyone who is permanently removed from regulated activity or who leaves while under investigation for allegedly causing harm or posing a risk of harm
- this school is committed to keep an up to date single central record detailing a range of checks carried out on our staff – a copy is also held at the Personnel and Payroll Unit, Wrexham County Council
- all new appointments to our school workforce who have lived outside the UK will be subject to additional checks as appropriate
- our school ensures that supply staff (employed through New Directions and Excell) have undergone the necessary checks and are made aware of this policy through the agency.
- identity checks must be carried out on all appointments to our school workforce before the appointment is made, in partnership with the LA

Headteacher and Governors will have the opportunity to undertake Wrexham County Council's Safer Recruitment in Education Training. One person so trained will be involved in all staff and volunteer appointments and arrangements (including, where appropriate, contracted services).

2. Safe Practice

- Our school will comply with the current Safe Practice guidance to be found in Wrexham County Safeguarding Procedures.
- Safe working practice ensures that pupils are safe and that all staff are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions;
- work in an open and transparent way;
- work with other colleagues where possible in situations open to question
- discuss and/or take advice from school management over any incident which may give rise to concern;

- record any incidents or decisions made;
- apply the same professional standards regardless of gender or sexuality;
- be aware of confidentiality policy
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

3. Safeguarding Information for pupils

All pupils in our school are aware of members of staff who they can talk to. The school is committed to ensuring that pupils are aware of behaviour towards them that is not acceptable and how they can keep themselves safe. All pupils should know that we have a senior member of staff with responsibility for child protection, Mrs Acton (Headteacher). Mr O'Toole and Mrs N Jones are suitably trained to deputise in the absence of Mrs Acton. We inform pupils of whom they might talk to, both in and out of school, their right to be listened to and heard and what steps can be taken to protect them from harm. PSHE materials we use to help pupils learn how to keep safe are. In addition we make use of external support services including NSPCC, Childline and the Police

Our school will ensure that pupils are made aware that information can be found at the following NSPCC and Childline

School's arrangements for consulting with and listening to pupils are through class teachers, Teaching Assistants, SAP Trained counsellors, as well as through circle time within classes.

We make pupils aware of these arrangements by class- based activities, circle time, collective worship and external support agencies

4. Partnership with Parents

The school shares a purpose with parents to educate and keep children safe from harm and to have their welfare promoted.

We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

School will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm.

We encourage parents to discuss any concerns they may have with their child. We make parents aware of our policy and parents are made aware that they can view this policy on request or on the school website.

5. Partnerships with others

Our school recognises that it is essential to establish positive and effective working relationships with other agencies who are partners with St Mary's e.g. St. Mary's Cathedral and wider parishes, Wrexham Local Authority (e.g. Children & Young Peoples' Department, Social Services, Police, Health, District Council, Childline in Partnership with schools, NSPCC, TAC, Attendance Officer etc.) There is a joint responsibility on all these agencies to share information to ensure the safeguarding of all children.

6. School Training and Staff Induction

The school's co-ordinator for child protection is:

- Mrs Rachel Acton, Headteacher who has undertaken the basic and advanced child protection training and training in inter–agency working, (provided by Wrexham County Council) and refresher training in regular intervals.
- The child protection governor is John Droog who is also the Chair of Governors
- The Senior Managers deputise if Mrs Acton is off site and have both undergone the Level 2 enhanced child protection training.
- All other school staff, including non teaching staff, undertake appropriate induction training to equip them to carry out their responsibilities for child protection effectively, which is kept up to date by refresher training at 3 yearly intervals.
- New members of staff are made aware of our school policy and are trained as soon as can be arranged.

All staff (including temporary staff and volunteers) are informed of the school’s child protection policy and arrangements on induction.

7. Support, Advice and Guidance for Staff

Staff will be supported by the Headteacher as well as professional associations. The Child Protection Co-ordinator will be supported by the Senior Educational Social Worker. Advice is available from Wrexham County Duty & Assessment Team CP Unit and the Police Child Abuse Investigation Team as well as from the Safeguarding Officer for Schools.

8. Related School Support

Safeguarding covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as pupil health and safety and bullying and a range of other issues, for example, arrangements for meeting the medical needs of children, providing first aid, school security, drugs and substance misuse, positive behaviour etc. There may also be other safeguarding issues that are specific to the local area or population. These may include anti social behaviour, fire safety, kerb craft and cycling proficiency

Other related school arrangements e.g. confidentiality, admissions, exclusions, work experience, drugs and substances, anti-bullying are included in the staff handbook.

Confidentiality

School has regard to “Information Sharing: Practitioner’s guide” HM Government, 2006 www.ecm.gov.uk/deliveringservices/informationsharing

“Where there is a concern that the child may be suffering or is at risk of suffering significant harm, the child’s safety and welfare must be the overriding consideration. “

The School should have a clear and explicit confidentiality policy.

The school policy should indicate:

- When information must be shared with police and Social Care where the child/young person is / may be at risk of significant harm
- When the pupil’s and/or parent’s confidentiality must not be breached
- That information is shared on a need to know basis

9. Pupil Information

Our school will endeavour to keep up to date and accurate information in order to keep children safe and provide appropriate care for them the school requires accurate and up to date information regarding:

- names and contact details of persons with whom the child normally lives
- names and contact details of all persons with parental responsibility (if different from above)

IDENTIFYING CHILDREN AND YOUNG PEOPLE WHO MAY BE SUFFERING SIGNIFICANT HARM

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

Definitions

As in the Children Acts 1989 and 2004, a **child** is anyone who has not yet reached his/her 18th birthday.

Harm means ill-treatment or impairment of health and development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another; **Development** means physical, intellectual, emotional, social or behavioural development; **Health** includes physical and mental health; **Ill-treatment** includes sexual abuse and other forms of ill-treatment which are not physical.

Abuse and Neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm or failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting; by those known to them, or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children.

Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

Sexual Abuse Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact or may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in

preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Emotional Abuse Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food and clothing, shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision;
- ensure access to appropriate medical care or treatment;
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs;

TAKING ACTION TO ENSURE THAT CHILDREN ARE SAFE AT SCHOOL AND AT HOME

All staff follows Wrexham County Borough Council Child Protection Procedures which are consistent with 'Working Together to Safeguard Children 2010' and 'What to do if you are worried a child is being abused'

It is **not** the responsibility of the school staff to investigate welfare concerns or determine the truth of any disclosure or allegation. All staff, however, have a duty to recognise concerns and maintain an open mind. Accordingly all concerns regarding the welfare of pupils will be recorded and discussed with the designated senior person with responsibility for child protection (or another senior member of staff in the absence of the designated person) prior to any discussion with parents.

Staff must immediately report:

- any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play;
- any explanation given which appears inconsistent or suspicious;
- any behaviours which give rise to suspicions that a child may have suffered harm (e.g. worrying drawings or play);
- any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment;
- any concerns that a child is presenting signs or symptoms of abuse or neglect;

- any significant changes in a child's presentation, including non-attendance;
- any hint or disclosure of abuse from any person;
- any concerns regarding person(s) who may pose a risk to children (e.g. living in a household with children present).

2. Responding to Disclosure

Disclosures or information may be received from pupils, parents or other members of the public. School recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly all staff will handle disclosures with sensitivity.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the designated person and make a record of the incident or declaration.

Principles

Staff will not investigate but will, wherever possible, elicit enough information to pass on to the designated person in order that she can make an informed decision of what to do next.

Staff will:

- listen to and take seriously any disclosure or information that a child may be at risk of harm;
- try to ensure that the person disclosing does not have to speak to another member of school staff;
- clarify the information;
- try to keep questions to a minimum and of an 'open' nature e.g. 'Can you tell me what happened?' rather than 'Did x hit you?';
- try not to show signs of shock, horror or surprise;
- not express feelings or judgements regarding any person alleged to have harmed the child;
- explain sensitively to the person that they have a responsibility to refer the information to the senior designated person;
- reassure and support the person as far as possible;
- explain that only those who 'need to know' will be told;
- explain what will happen next and that the person will be involved as appropriate.

3. Action by the Designated Senior Person i.e .Mrs Rachel Acton, Child Protection Officer, Headteacher (or other senior person in her absence i.e Mr K O'Toole/ Mrs N Jones)

SPOA Duty Desk Telephone: 01978 292039

Following any information raising concern, the designated senior person will consider:

- any urgent medical needs of the child;
- discussing the matter with other agencies involved with the family;

- consulting with appropriate persons e.g. Safeguarding Officer and/or Social Care;
- the child's wishes.

Then decide:

- wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation and/or place the member of staff or others at risk;
- whether to make a child protection referral to social care because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately.

OR

- if it would be appropriate to undertake an assessment and/or make a referral for other services.

All information and actions taken, including the reasons for any decisions made, will be fully documented. All referrals to social care will be followed up in writing within 24 hours using a standard referral form (See appendix)

4. Action following a child protection referral

The designated senior person or other appropriate member of staff will:

- make regular contact with the Social worker involved to stay informed;
- wherever possible, contribute to the Strategy Discussion;
- provide a report for, attend and contribute to any subsequent Child Protection Conference;
- if the child or children are made the subject of a Child Protection Plan, contribute to the Child Protection Plan and attend Core Group Meetings and Review Conferences;
- where possible, share all reports with parents prior to meetings.

Where in disagreement with a decision made by social care e.g. not to apply Child Protection Procedures or not to convene a Child Protection Conference, follow the guidance in Wrexham County Borough Council procedures 8.2 Resolving Professional Disagreements

- where a child on the child subject to a child protection plan moves from the school or goes missing, immediately inform the key worker in Social Care.

5. Recording and monitoring

Accurate records will be made as soon as practicable and will clearly distinguish between observation, fact, opinion and hypothesis. All records will be signed and dated, any information given will be recorded verbatim where possible and a note made of the location and description of any injuries seen.

All C.P. documents will be retained in a 'Child Protection' file, separate from the child's main file. This will be locked away and only accessible to the Headteacher and designated senior person. These records will be copied and transferred to any school or setting the child moves to, clearly marked 'Child Protection, Confidential,

for attention of Designated Person Child Protection.’ If the child goes missing from education or is removed from roll to be educated at home then any Child Protection file should be copied and the copy sent to the Education Social Work Service. Original copies will be retained until the child’s 25th birthday.

6. Supporting the Child and Partnership with Parents

- School recognises that the child’s welfare is paramount, however good child protection practice and outcome relies on a positive, open and honest working partnership with parents.
- Whilst we may, on occasion, need to make referrals without consultation with parents, we will make every effort to maintain a positive working relationship with them whilst fulfilling our duties to protect any child.
- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents. The Designated Senior Person will determine which members of staff “need to know” personal information and what they “need to know” for the purpose of supporting and protecting the child.

Allegations regarding person(s) working in or on behalf of school (including volunteers)

Where an allegation is made against any person working in or on behalf of the school, that he or she has:

- Behaved in a way that has harmed a child or may have harmed a child
- Possibly committed a criminal offence against or related to a child or
- Has behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

We will apply the same principles as in the rest of this document and we will always follow Wrexham County Council procedures. Detailed records will be made to include decisions, actions taken, and reasons for these. All records will be retained securely.

Whilst we acknowledge such allegations, (as all others), may be false, malicious or misplaced, we also acknowledge they may be founded. It is, therefore, essential that all allegations are investigated properly and in line with agreed procedures.

Initial Action

- The person who has received an allegation or witnessed an event will immediately inform the Headteacher and make a record.
- In the event that an allegation is made against the Headteacher the matter will be reported to the Chair of Governors who will proceed as the ‘Headteacher’.
- The Headteacher will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs.
- The member of staff will not be approached at this stage unless it is necessary to address the immediate safety of children.
- The Headteacher may need to clarify any information regarding the allegation, however no person will be interviewed at this stage.
- The Headteacher will consult with the Local Authority Designated Officer in order to determine if it is appropriate for the allegation to be dealt with by

school or if there needs to be a referral to social care and/or the police for investigation.

Consideration will be given throughout to the support and information needs of pupils, parents and staff. The Headteacher will inform the Chair of Governors of any allegation.
